

### ShellClean Lints™ Pant Shirt

Personal protective equipment, or PPE, is essential for anyone working in a hazardous environment. From hard hats and safety glasses to fire-resistant clothing and respirators, PPE helps to keep workers safe from a variety of potential hazards.

The ShellClean Lints Pant Shirt is a reusable garment designed for use in potentially dangerous environments. Featuring a front zip with protective flap, the pant shirt provides a barrier between the wearer and their surroundings. Elasticated waist, cuffs, and ankles ensure a snug fit, while the garment's precision-cut design reduces the risk of entanglement.

Whether you're working in a laboratory or on an oil rig, the ShellClean Lints Pant Shirt helps to keep you safe from harm.
