

## ShellClean Steriles™ Cap

PPE, or Personal Protection Equipment, is specialized clothing and gear worn by workers in environments where there is a risk of exposure to hazardous materials.

The ShellClean Steriles cap is a type of PPE made from Antistatic Polyester Disposable material. It features an elastic to ensure a secure hold. The Steriles cap is used in clean room environments to protect the wearer's head and hair from contamination.

The Steriles cap is just one example of the many types of PPE that are available to workers in hazardous environments. PPE is an essential part of keeping workers safe on the job.
