

ShellClean Steriles™ Coverall with integrated Hood

Personal protective equipment, or PPE, is essential for maintaining a safe working environment. It is important to select the right PPE for the task at hand, and the ShellClean Steriles Coverall with integrated hood, offers superior comfort and protection.

It features a front zip with a protective flap, elasticated back, cuffs and ankles, and thumb loops to ensure a secure hold. The Antistatic fabric provides protection against electrostatic discharge, and the garment is also resistant to tears and abrasion.

As a result, the ShellClean Steriles Coverall is an essential piece of PPE for anyone working in a clean room or laboratory environment.
