

ShellClean Steriles™ Visitor Gown

PPE, or Personal Protection Equipment, is essential for anyone working in a clean room or laboratory environment.

The ShellClean Steriles Visitor Gown is a PPE garment that offers both comfort and protection. The gown is made of Anti-Static polyester and features a front zip with protective flap, elasticated cuffs, and an attached hood. This PPE gown is an excellent choice for visitors to clean rooms and laboratories, as it protects them from exposure to harmful particles and contaminants.

In addition, the ShellClean Steriles Visitor Gown is also comfortable to wear, making it an ideal PPE choice for those who need to wear PPE for extended periods of time.
